

2008 Missouri State Fair

The Shropshires were the largest breed show at the Missouri State Fair. There were 86 head of Shrops shown. Slick shearing has had a positive impact on this show. We were getting very low in numbers and that is certainly not the case today. Ron Guenter of Ohio was the judge of this show.

Yearling Ewes—Ron changed the order of these sheep several times and I had such fun keeping track. He juggled sheep all up and down the line. I will give the placings for the first 10 there were 22 yearling ewes and the classes are split at 24. I hope we get this changed as lots of good ewes were out of the money.
