OHIO SHOWCASE SALE CANCELED! Due to COVID-19

We are extremely disappointed to make this announcement. With the continued concerns of the COVID-19 pandemic, the ban of mass gatherings and the importance of social distancing at this time, Select Livestock Services and the Ohio Showcase Sale Committee have decided to cancel this year's live Sale. The health and well being of staff, consignors and buyers are most important to us.

Select Livestock Services are planning to host online breed sales with Breeders World Online Sales and information will be sent to our consignors ASAP. Watch the web site www.selectls.net for updates on the Ohio Showcase Online Sales.

This will continue to be the 2020 National Shropshire Sale

and will be held as a series of online sales on the Breeders World platform.

SLS continues as sale management.

Shropshires will sell on Saturday, May 9.

All animals previously entered and cataloged in the live sale will have an opportunity to roll into this online sale. Futurity-nominated ewes will still be offered. Contact SLS or the Shropshire office for more information. Links will be posted at shropshires.org when available.
